

Hearing Implants and Biomaterials: Market Shares, Strategies, and Forecasts, Worldwide, 2017-2023

Table of Contents

Hearing implants are evolving platforms that are leveraging improvements in biomaterials. Surgeons seeking to achieve excellence and repeatability in every surgery to repair severe hearing loss are learning how to get the best results with implants. Cochlear dominates the market and is poised to enter nerve repair and similar markets. The major competitors in this market are poised to move into new markets, leveraging existing expertise in hearing loss implants.

Hearing loss implants are poised to provide the standard of care for surgery to repair deep hearing loss, eclipsing treatment by hearing aids when they do not work.

Hearing Implants and Biomaterials: Executive Summary

The study is designed to give a comprehensive overview of the Hearing Implants and associated biomaterials market segment. Research represents a selection from the mountains of data available of the most relevant and cogent market materials, with selections made by the most senior analysts. Commentary on every aspect of the market from independent analysts creates an independent perspective in the evaluation of the market. In this manner the study presents a comprehensive overview of what is going on in this market, assisting managers with designing market strategies likely to succeed.

Table of Contents

Hearing Implant Biomaterials Executive Summary	12
---	-----------

Hearing Implants and Biomaterials Table of Contents**and List of Tables and Figures**

Hearing Implants Biomaterials Market Driving Forces	12
Surgical Cochlear Implantation Is By And Large Safe	13
Hearing Implant Market Shares	15
Hearing Implant Biomaterials Market Forecasts	18
1. Biomaterials for Hearing Implants: Market Description and Market Dynamics	21
1.1 Use Of Cochlear Implants	21
1.2 Ear Description	25
1.2.1 Cochlear Implant (CI) System	26
1.2.2 Biomaterial As A Substance	27
1.3 Bilateral CI Fitting	30
1.4 Cochlear Implants Biomaterials	30
1.4.1 Silicone	31
1.4.2 Platinum	33
1.4.3 Titanium	33
1.4.4 Ceramics	35
1.5 Biomaterials in Hearing Implant	36
2. Hearing Implants and Biomaterials Market Shares and Forecasts	41
2.1 Hearing Implants and Biomaterials Market Driving Forces	41
2.1.1 Surgical Cochlear Implantation Is By And Large Safe	42
2.2 Hearing Implant Market Shares	44
2.2.1 Cochlear	48
2.2.2 Advanced Bionics AG	49
2.2.3 Med-EL EAS	50
2.3 Biomaterials Market Forecasts	50

Hearing Implants and Biomaterials Table of Contents**and List of Tables and Figures**

2.3.1	Biomaterial Hearing Implant Segments, Children, Adults Age 19 to 50, Adults 51 to 64, Adults Over 65, Market Forecasts	56
2.3.2	Biomaterial Hearing Implant Market Installed Base Forecasts	59
2.4	Global Biomaterials Market	60
2.4.1	Optimizing the Biocompatibility Properties Of The Hearing Implant	64
2.4.2	Biofilms	66
2.4.3	Teflon for Cochlear Implants	67
2.4.4	Electrically Conducting Polymers	67
2.4.5	Polyimides	68
2.4.6	Silicon Electrodes	68
2.4.7	Physical Functionalization Of Surfaces	69
2.4.8	Drug Delivery In The Inner Ear (Neurotrophic Effects)	70
2.4.9	BioMaterial Nanoparticles	70
2.4.10	Nanoparticles And Cochlear Implants	71
2.4.11	Biomaterials Market Overview	71
2.5	Cochlear (CI) Implant Technical Specifications	77
2.5.1	Advanced Bionics Technical Specifications	77
2.5.2	Cochlear Technical Specifications	78
2.6	Biomaterials Pricing	79
2.7	Biomaterials Regional Segment Analysis	79
2.7.1	United States	81
2.7.2	Europe	83
2.7.3	Rapid Development of Middle Class in South America	84
3.	Biomaterial Hearing Implants Product Description	91
3.1	Cochlear	91
3.1.1	Cochlear Kanso™ Sound Processor	95

Hearing Implants and Biomaterials Table of Contents

and List of Tables and Figures

3.1.2	Cochlear Nucleus® 6 Sound Processor	96
3.1.3	Cochlear Hearing Implant Specifications	97
3.1.4	Cochlear Implant Technical Specifications	101
3.2	Med-El GmbH’s Flex EAS	102
3.2.1	Med-EL EAS™ Hearing Implant System for Partial Mild To Moderate Deafness	102
3.2.2	Hearing Implant Advantages Of Bilateral Implantation	103
3.2.3	MedEL Implant Concerto	106
3.2.4	MedEL Implant Concerto Structure Preservation	107
3.2.1	MedEL Implant Concerto Complete Cochlear Coverage CCC	108
3.2.2	Med-EL Electrode Arrays	109
3.2.3	Med-EL FLEX Tip Technology	112
3.2.4	Med-EL Classic Series	114
3.2.5	Med-EL FLEX Series	114
3.2.6	FDA Approves the MED-EL Synchrony EAS Hearing Implant System	115
3.2.7	Med-EL Addresses Hearing Loss in the US	117
3.2.8	MED-EL Technical Specifications	118
3.3	Sonova / Advanced Bionics AG	119
3.3.1	Advanced Bionics Implant Specifications	120
4.	Biomaterials Research and Technology	121
4.1	Medical Device Standards and Implant Standards - ASTM International	121
4.2	Metalic Implants	122
4.2.1	Unalloyed Titanium	123
4.2.2	Titanium Alloy	123
4.3	Hearing Implant Prosthesis Biomaterials	125
5.	Ear Implant Biomaterials Company Profiles	127
